

To access the RTS system

- Type in https://RTSConnect.com/RTS or
- Click on the link found in the email notification letter

RTS support two levels of user access; Admin and user.

### The admin user can do the following:

- Access all work requests
- Reset Passwords for self and other users
- Create reports for all; teams, team members, service types, clients etc.
- Access to the Manage process to set-up and manage teams, team members, service types

#### The user can do the following:

- Access assigned work
- Create reports for items worked
- Update personal account profile

SYSTEMS ACCESS (LOGON)	STATE OF STATE
Step 1 Entity ID   Step 2 Login Email   Step 3 Password   Step 4 Logon	

To logon type in https://RTSConnect.com/RTS or click the link from the Notification email and follow the steps below.

### Step 1

Type in the pre-assigned entity id

### Step 2

Type in your full login email address

### Step 3

Type in your password.

The first time you login, use your temporary password, then change your password to one you prefer. Safeguard your password for privacy and security reasons.

# Step 3a

If when you logon, you have forgotten your password, complete steps 1 and 2 and press the <u>forgot password</u> hyperlink. Your password will be sent to email address you provide.

# Step 4

Click on Logon button after typing in your Entity Id, Login Email and valid Password.
